

The reputation of FUJIFILM Imaging Colorants Limited (“FFIC Limited”) and the trust and confidence of those with whom we deal are of fundamental importance to our business. It is essential that we maintain high ethical standards.

Therefore FFIC Limited condemns bribery and corruption in all its forms and we will not tolerate it in our business or in those we do business with.

Our Corporate Policy Anti-Corruption sets out in detail how our staff and others representing us should behave and what they should do if confronted with corruption. The Policy is based on the principles of integrity, honesty and transparency which are crucial in the fight against corruption. We expect that all our staff and others representing us will embrace the Policy and use it in all aspects of their day-to-day work.

Compliance with the Policy is important for all of us. The consequences of conviction for a bribery offence can be severe with the obvious lasting reputational damage being accompanied by very significant corporate fines and, for individuals convicted of an offence, a fine and/or imprisonment.
